

Assignment 3 - Develop an app

18.07.2021

Group: Zodiaco

Wei Qiu: wei_qiu@uni-bremen.de

Xuejie Wei: xwei@uni-bremen.de

Yanxiang Zhan: yanxiang@uni-bremen.de

Contributions

Wei Qiu

- Main game page design and implementation
- How-to-Play dialog
- Gameplay description documentation
- Code refactoring

Xuejie Wei

- App theme and style design
- Card graphics design
- Background images design
- Start-screen UI implementation
- Final video editing

Yanxiang Zhan

- Client-server communication protocol design
- Game server implementation
- Application deployment
- Basic app architecture setup
- Basic layout of each screen setup

Problems & Unfinished features

- Does not have user account registration and leaderboard features.
- Can not choose opponents.
- Don't have time to create animation effects.
- Haven't found out how to deploy our game server on Firebase.
